

“Once in a while you hear a vocal performance that makes you just stop and listen. Andie Baldwin, a 22 year old singer/songwriter from Blairstown NJ is one of those vocalists that solicits that response every time she takes the stage. She is the Swiss Army knife of vocal abilities, whether it be the likes of Adele, Lady Gaga, Pink, Gospel music, Opera, Country music you name it, Andie’s pitch perfect vocals are spot on. Combine this with her mastery of the piano and you have an incredible entertainment moment. Andie released her debut EP “Crazy on the Inside” at age 16 receiving critical acclaim and growing her fan base.

Andie was recently sought out by a top Fleetwood Mac tribute band Gypsy, she is currently touring the country with them in addition to writing, recording, and playing her solo show dates. Andie has headlined the famed Rainbow Room atop Rockefeller center and amazes everywhere she performs. Look for her upcoming album release and she can be heard on all major streaming platforms.”
